

# New Guest Bonus Structure

## Expanded Opportunities for More Chips!

In an effort to step up our average attendance, CBG poker players now have added incentives to bring (and continue to bring) new players to our tables.

### **DOUBLING IN-GAME BONUS CHIPS**

- Players who bring guests will now receive a full stack the **FIRST TWO TIMES** their guest plays.
- Players will also receive a half stack the **THIRD and FOURTH TIME** their guest plays.
- Players can only play with one bonus stack per game – if you bring more than one guest, your other bonuses will be banked for a later game.
- Players who "bring back" a player who is been absent for at least a year still qualifies to receive half - 1 full stack; 1 half stack.

### **ADDITIONAL CHIPS FOR CASH GAMES**

- Players will receive 100 chips toward their cash game stack for every instance their guest plays (up to four times – same as the bonus stacks). This is in addition to the 100 participation chips.
- The top three players in instances of guests will receive an additional half stack for the next cash game. This **DOES NOT** negate any other bonuses.

And remember – If we have 27 or more players, not only are three stacks awarded, but an additional half stack is awarded to the player who comes in fourth.

**Good Luck!**
